Version number: V1.1

**Statement on**  
**DIRECTIVE 2011/65/EU (RoHS2) and**  
**DELEGATED DIRECTIVE (EU) 2015/863**

The RoHS2 Directive deals with the prevention and prohibition of various hazardous substances in electric and electronic equipment.

The Directive entered into force on January 1st, 2013. Since July 22, 2019 RoHS2 covers all electrical and electronic equipment, excluding specific equipment mentioned in Article 2.

**Electrical and electronic equipment manufactured by MENNEKES is in accordance with the DIRECTIVE 2011/65/EU and DELEGATED DIRECTIVE (EU) 2015/863.**

For the purpose of the Directive no more than the maximum weight concentration value of the prohibited substances in homogeneous materials is present, except as permitted by exemptions.
